Presentations:

- Correlation of neonatal acid-base status with apgar score. 14th international medical geographical congress Shiraz ,Iran
- The effect of tomoxifen therapy on endometrium;
- The effect of delay in induction of labor in P.R.O.M pregnancies
- The prevalence of Hepatitis C in pregnancy and its Vertical transmission .14th international medical geographical Congress. Shiraz ,Iran
- Role of laparoscopy in dysfunctional uterine bleeding.
- Pudendal block in labor pain control.first international Anesthesiology and pre and post operative medicine. September 2001
- Study of pregnancy outcome in advanced valvular heart disease,.
- Suburethral labial fat sling for treatment of stress urinary incontinence, a new surgical technique.5th Iranian urological congress.Tehran ,Iran April 2001

Teaching service:

- Lecturer in CME for obstetricians and gynecologists: Once a year.
- Lecturer in CME for general physicians: General class for all preclinical students once a year.
- Lecturer in regular periodical teaching lectures for Ob & Gyn. residents General Ground round conferences once in month.
- Active participation in regular weekly conferences of the department including: Journal club conferences, Perinatology conferences, Mortality conferences, CPC conferences
- Guest lecturer in joint Seminars and conferences with the other departments(urology, pediatrics, general surgery)
- Active participation and presentation in weekly conferences

- of High risk pregnancy
- Morning reports with students, interns and residents.
- High risk pregnancy clinic with students ,interns, And residents.
- Two sessions of teaching Operations for the residents
- Seminars and conferences for paramedical students and

Grants:

- Prevalence of postpartum thyroiditis in shiraz (80-1200)
- The effect of GNRH antagonists in prevention of premature ovarian failure in patients who receive chemotherapy(80-1202).
- Vaginoplasty with amniotic membrane(80-1243)
- Prevention of preterm rupture of membrane, vitamin C,E effect(82-1828).
- Hypothyroidism and ovulation (82-77).
- Establishment of amniotic membrane bank (81-14).
- Transplantation of ovarian tissue (81-6)
- Determination of alpha-feto protein in normal and abnormal Pregnancies in Fars province
- Determination of cytokine level in preterm labor pain(still No number)
- Pregnancy outcome in sub clinical hypothyroidism(still no number)
- I am the director in all these research projects.
